Petition for Reduction of Sentence

A petition has been prepared, and will be submitted to the Honourable the Minister of Justice, setting forth that in the opinion of many residents of Strathmore and district, the sentence imposed on Ed. Altman, of nine months imprisonment, imposed recently for an offence committed recently in Strathmore, is excessive, in view of his being only 19 years of age, and his his first offence. It is also felt that if accused had been represented counsel when on trial at Calgary, and his view of the case presented by Counsel, the Judge would not have imposed the sentence he did. The petitioners feel that the case would have been better met by a lighter sentence, or by suspended sentence. The petition will be at Mr. T. M. Weyers office, Strathmore, for several days before being sent to Ottawa, and those sympathetic with the petition can have the opportunity to sign it. Neither the bank, or the Alberta Pacific Grain Company had any wish to proceed against the accused. In fact, Mr. McPherson, President of the Alberta Pacific, had intended to speak in his favor, but the case was disposed of before he had an opportunity of appearing.

COMING EVENTS

School Board

The opening meeting of Strathmore's new School Board held on Tuesday last, was marked by a rather heated discussion between the members of the Board and several ratepayers regarding some boys who had been suspended from school.

Owing to the personal nature of the attack directed by one of the parents the meeting was adjourned.

Members of the Board were Trustee French, (chairman), Trustees Shrimpton, Hirtle, Quinn, and Geo. Anderson.

Trustee French was unanimously elected chairman for 1925.

To Extend Playground

The Secretary was instructed to write the C.P.R. to get the grant or purchase of additional land for school playground.

Estimates for the year, totalling \$10,710.00, were adopted. The total amount to be asked from the town will be \$5,000.

Suspension of Pupils

A letter was laid before the Board from Principal White, notifying the Board of the suspension of three pupils for willful disobedience and refusal to submit to punishment, and for other offences. Three of the parents attended and put their views of the case before the Board while the Principal and Mr. S. H. Crowther placed the facts as they saw them before the Board. After questioning the pupils, the Board unanimously decided to support the teachers in their effort to enforce discipline and promote good order and progress in the school.

The minutes state that as one of the parents proceeded to indulge in strong personalities the Chairman indicated that a motion to adjourn was in order, and the Board thereupon adjourned.

Spring Horse Sale

Entries have been received for upwards of one hundred horses for the sale to be held in Strathmore on Monday, March 9th next and the indications point to a very successful sale. Posters have been sent out all over Canada advertising the sale, and it is anticipated that a number of buyers will be here to get some of the good horses which will be offered. The committee have decided that no entries will be accepted after March 5th, and all those who have not entered their stock should do so without further delay. All information about the sale can be obtained from Mr. F. J. Dunn, Strathmore, phones 95 and 98.

Cheadle

Mr. J. McLean, J. G. Miller, D. Smyth, J. W. Payne and O. Edwards were Calgary visitors during the past week.

Jack Warnack, Lee and Merle Welsh were all up to Calgary attending the I.L.C. Tractor School during the past week.

Mr. Harry Miler was a visitor in the district for a few days during the past week.

Miss Welsher was home from school at Shepard for a week end. Mr. and Mrs. Silverthorne, of Calgary, are visitors for a few days at W. J. Millers and Fred McKensies.

The dance at the hall on Wednesday, February 18th, was attended by a big crowd. This was one of the best dances for a long time in Cheadle. The music was real good, being composed of five pieces.

Roy Genter shipped a car of hogs and cattle from here during the week.

The ladies club are having a whist drive and dance on March 6th. Everybody come. Remember the date.

U.F.A. Meeting

A meeting of Strathmore U.F.A. was held on February 14. Resolutions from Glendon U.F.A. to come up at next district association were tabled. An application was made from the C.P.R. for a permanent route for loading logs at the stockyards. A discussion followed regarding the proposed agriculture fair also a plowing match.

The following officers were elected: Mr. A. J. J. Weyers, president; Mr. R. F. Garfield, vice-president; Directors—S. Chamberlain, H. Riden, H. Wooster, A. Watson.

A vote of thanks was extended the resident president. Mr. H. Wooster is to audit the books. The president and secretary were given power to sign cheques. The local recommend the Government that the profits from the liquor board be applied to reduce the capital debt of the province.

Spelling and Oratorical Contest

Over three hundred people of all ages attended the spelling and oratorical contest held in the Memorial Hall on Friday evening, a large proportion coming from country points. The attendance was very gratifying, as this is the first occasion on which any of this sort has been attempted locally, and it shows that there is a good spirit in the schools.

The evening opened with the singing of "O Canada" and "Marshallaise" in French, and "The Star Spangled Banner" in Latin, by the Strathmore High School pupils.

This was followed by the public school oratorical contest, in which the building owners were: Nancy Stephens, Dorcas Rowe, George Patrick, and Geraldine Van Tighem. The prize winners were: 1. Nancy Stephens; 2. Dorcas Rowe; 3. Geraldine Van Tighem.

The primary spelling competition was won by Chamberlain, Little Miss Garret delighting the audience by her clear enunciation, Cheadle, Strathmore, and Orange Valley competed.

The remainder of the programme was as follows: Instrumental selection, Florence Garret.

M. D. Bow Valley Meet

Elections in Three Divisions
The annual meeting of ratepayers of Municipality District Bow Valley, No. 219 was held in the Memorial Hall, Strathmore, on Saturday afternoon, there being a large attendance of ratepayers, especially from the Carleton Place district. Mr. Angus Watson, returning officer, presided.

The financial statement of the Municipality was read over and generally approved, which is so surprising, the statement showed a good cash balance on hand, besides the reduction of arrears outstanding, and balances according to the Municipality on Hall Insurance etc.

A resolution was passed that all machinery and tools should bear a municipal mark, and should be kept in central points in order to be used.

The meeting approved by resolution of a grant of \$100 to the Salvation Army Hospital Fund.

Reeve Chamberlain and the various Council members gave reports which were approved.

The Reeve favored the liquor profits being put into the general fund of the Province, rather than being divided among the Municipalities. He pointed out where the Municipality had saved over \$100 by paying the hall insurance Board in full before they had collected in full from the ratepayers.

Mr. Weyers pleaded for consideration for his district, where the condition of the roads necessitated more work than in the other districts, which resulted in a resolution that the Council should investigate the roads which were reported by the Council for as being in bad shape, where large expenditures were involved. The resolution as first proposed, called for the Councils inspecting all roads in the Municipality, but there was some fear that this might be regarded as a joy ride.

Councillor Wheeler brought up the question of C. P. R. bridges, with the result that a resolution was passed asking that bridges be placed parallel to the road when any rebuilding was being done.

The agreement with the Strathmore Standard was approved unanimously by the ratepayers present.

Presentation to Retiring Secretary
On behalf of the Councillors, ratepayers, and a number of Strathmore friends, Reeve Chamberlain presented Mr. W. G. Way the retiring secretary, with a plaque leather travelling bag.

He alluded to the fine work Mr. Way had done, having been secretary of the Municipality since its inception. Bow Valley was a model for the province as far as efficiency in the office work was concerned. They regretted Mr. Way's departure, but wished him and Mrs. Way every success in the future.

Mr. Way, in replying, said that he was very sorry to leave the work in Bow Valley. His relations with the ratepayers had been very pleasant, and he had enjoyed the work. He trusted they would give him success. Mr. Gardiner, the same support he had given him, and he wished Bow Valley and the district every success. A number of other matters were discussed, the action of the Council being generally approved.

Cancellation of Townsite Lots
The meeting approved of the action of the Council in refusing permission to the C.P.R. to cancel lots in Carleton Place, and asked the Council to look up the Town of Strathmore against any requests for cancellations of subdivisions within the town limits.

Elections in Three Divisions
Nominations were as follows:

Division 1—Hans Lauson, Ed. Nelson, Division 2—M. Vandervelde, Frank South, L. A. Phillips.

Division 3—E. B. Welsher, H. Groves.

Division 4—E. F. Wheeler (acclamation).

Division 6—H. S. B. Chamberlain, (acclamation).

Councillor Weyers has still another year to run in Division 5.

Carceland

We heard the editor say that he
was flooded with copy from the sur-
rounding country, so if these items are
short, please remember I am only
helping out the editor.

A very large and alert crowd from
here was in attendance at the Muni-
cipal meeting last Saturday.

Don't forget the district association
meeting of the U.F.A. and U.F.W.A.
to be held Saturday, March 7th, also
the U.F.A. dance on Friday night,
March 6th.

The municipal election in the two
districts around Carceland will, if
what can be heard on every side is an
indication, will be very keenly con-
tested. We only hope the best man
wins.

Last week's paper showed an error
in our H. A. Berquist was need-
lessly as having been in Calgary mak-
ing his tonsils removed. This should
have read Alfied Berquist.

Several cars of school children were
in attendance at the spelling match
and entertainment at Strathmore last
Friday night.

Mrs. F. R. Field's sister, Mrs. Hardy,
who has been visiting here for some
time past, left last week for Vanco-
ver, where she will continue her
education. Mrs. Hardy endeavored her-
self to many in the community, and
we hope to welcome her again.

"The P. R. Club" holds its annual
meeting in the church on Thursday,
March 5th. Election of officers will be
held. There is also to be a farm pro-
duction shower for the Junior Red
Cross.

There has been a great deal of dis-
cussion about who can vote in the on-
coming election, and where the voters
must be cast. One may vote at the
most convenient polling place in his
district. Votes must be
cast in the division in which the
voter resides, for example, if a
person owns property in division number
1 and lives in division number 2, he
must vote in division number 2. If the
elector owns property in division number
1 and does not own property in divi-
sion number 2, he must vote in divi-
sion number 1. If the elector owns
property in division number 1 and does
not own property in division number 2,
he must vote in division number 1. In
order to be entitled to vote one must
be assessed, except as hereafter men-
tioned, and must reside in the munici-
pality. It is not necessary to have
one's name on the voter's list, but those
whose names are not on the voter's
list must have their votes cast. Just
here I would suggest that those in
charge of the polling booths have
written themselves with the process of
swearing in voters, and be prepared to
do this for there are many persons
who are not on the voter's list, and
who do not appear on the voter's list.
In case of a resident coming into the
jurisdiction of assessable property be-
fore December 1, 1924, and after the
1924 assessment was made, would not
have been assessed last year, but
would, nevertheless, be entitled
vote. Please note that wives, daugh-
ters and sons of voters, who have at-
tained the age of twenty-one are en-
titled to vote even if their names are
not on the voter's list provided they
have been living on land in the divi-
sion assessed to that parent prior to
and since January 16, 1925. Those
who pay taxes in the municipality
and live in another municipality are
entitled to vote.

LOCAL JOTTINGS

Dr. R. R. McIntyre, has taken over
Dr. L. G. Robinson's practice, and for
the present, will be in attendance at
Tuesday and Wednesday, each week
until the month of April.

The vacancy in the Exhibits Depart-
ment of the C.P.R. at Strathmore has
been filled by the appointment of Mr.
W. M. Taylor, of Winnipeg, who is
expected here next week to take up his
duties. Mr. Chas. Allen has been in
Strathmore for the past two weeks,
but has left on one of his many trips
settling up exhibits in the States, after
which he will probably go to Wembley,
England, to supervise the Company's
exhibit there.

We have received a letter from Dr.
O. T. Greer, Lakeside, California, re-
sponding his subscription. Dr. Greer
says he always looks forward to the
arrival of the Standard. He was
pleased with the crop returns. He
crops last year in Strathmore district,
and says that California is having a
wonderfully prosperous year.

Don't forget the dance which the
G.W.A. are holding in the Memorial
Hall on Friday evening of this week.
Everyone is welcome.

Persons from an Eastern Home
will display the newest models in
ladies coats, costumes, and skirts, in
all the leading colors at the Strath-
more Trading Co., on February 27th
and 28th. Ladies should take this op-
portunity to see the latest.

The present winter is surely old-
fashioned enough to please the old-
timers. It seems a long time since we
saw the great last.

Man Burns in
Coal Oil Blaze

Endeavoring to start a fire in a tank
littered with the aid of coal oil, R.
Miller, employed at the C.P.R. de-
partment, was so seriously burnt that
he is unable to see at present. The accident happened at
the C.P.R. farm a mile east of the
farm. Miller had gone out on horse-
back on Tuesday evening to feed the
cattle. He poured some coal oil on the
fire to see the heater going. The oil
in the tank took fire, and in trying to
get it out he spilled some of the oil,
which made the situation worse. Al-
though in great pain, and nearly blind,
he mounted his horse and rode into
town, where he was treated by Dr.
Giffen.

He is now in bed at the Farm Club-
house.

Laugh Scenes in
"Lord Chumley"

Paramount Comedy-Melodrama Com-
ing to Memorial Hall Saturday.
Punchier than "Charming Husband".
The new Paramount comedy, "Lord
Chumley", the latest production
by Paul Irlbe and Frank Urson, the
screen's first directorial "team".
Viola Jean, Theodore Roberts and
Raymond Griffith are featured in the
leading roles of the picture which was
adapted for the screen by Bertin
Milhauser from the unusually popular
stage play, "Lord Chumley", by David
Belasco and Henry C. DeMille.

The story is a melodramatic comedy
with no small amount of mystery tuss-
led in for good measure, and tells of
a titled Englishman, engaged to marry
a beautiful American girl. Her broth-
er, a Lieutenant in the navy, loses
some valuable papers and Lord Algenon
Chomley, a Colonel, called Chumley
for the papers, goes about retrieving them
thus winning the girl and saving the
family name.

"Lord Chumley" is just one bit laugh
after another. You'll laugh at Griffith
the first time he puts in an appearance
on the screen—all decided out in morn-
ing clothes. The last, cast, says and
was inaudible in the high hat and
is destined to become famous.

We have received from Mrs.
Francis, a copy of "The Standard"
you, looking on the 25th of the
Canadian Standard to Friday last
evening. However, the journalist
visit has cleared up all misun-
derstanding, for the booklet is ad-
dressed to Strathmore, Alberta, U.S.A.

Train No. 3 was stalled between
Nanaima and Strathmore on Monday,
something having gone wrong with the
engine, and the train was held there
till a relief engine from Calgary came
down and took her into the city.

Writers of our stories say that the
day of the windstorm has passed,
but Carceland still possesses one in
full working order, as anyone who at-
tended Saturday's meeting of M. D.
How Valley veterans will testify.

Some persons do not believe that
spurring the red apples at the local judo
day's meeting of the Strathmore
School Board.

The present winter is surely old-
fashioned enough to please the old-
timers. It seems a long time since we
saw the great last.

Beiseker Notes

A very successful entertainment was
held in the town hall on the evening
of the 13th inst, under the auspices of
the Catholic Women's Society. The
affair was well conducted and the ap-
preciative audience enjoyed every
item. The sum of one hundred and
seven dollars was realized. At the
close of the entertainment the Rev.
Father McQuade, in suitably
thanked the artists and audience, the
former for the manner in which they
prepared their parts, and the latter for
the unbounded appreciation shown
the various items; and for their turn-
ing out in such numbers to give their
support. The Rev. speaker having
finished our local luminary, in the
person of J. H. Schwartz, gave the
"Strathmore Standard" a splendid
advertisement. Announcing the name of
the paper, he read the following from
our last report: "D. J. Gallagher, who
acted as chairman, in his opening re-
marks, appealed to all present to help
break down the artificial barrier which
seemingly existed between the German
and English speaking sections of the
community." Continuing, Joe said
that the citizens of a village to the
south of us thought, after reading
those words that there was something
akin to a rebellion in Beiseker. He
wanted an explanation from the chair-
man. He wished to let everyone know
that the "Englishmen" and "Dutch-
men" have no barrier existing be-
tween them. The chairman seemingly
took no notice of the speaker's re-
marks, as the lovers of the town hall
can art were awaiting the music for
the first dance. However, we can tell
our neighbours to the south that we
are a few adding people here in the
should war ever break out again be-
tween the Motherland and Germany,
that Joe would be one of the first to
offer his services. We must, of course,
for the Motherland. Huzle! take
notice of what we have said.

Mr. Anton Silberbauer and Miss
Lottie German were united in mar-
riage on the 19th inst the ceremony
being performed by Father McQuade.

PRICE OF BREAD

A Scottish paper which reached us last week states that the price of the 2lb. loaf of bread is up to 6d for the 12b. loaf, or approximately 12c. Over here, in the wheat belt, we pay 12c for a 2 lb. loaf.

COMMUNIST PROPAGANDA

A Moscow newspaper attributes to the Communist Party in Canada the strike of Western Canadian miners last summer. It also states that the party is at present actively engaged in setting up soviets of unemployed in various parts of the country.

The miners' strike last summer was one of the most expensive to the miners in Western Canada. It has undone the good work previously accomplished in securing markets for Alberta coal, and has, temporarily at least, lost the coal business of Manitoba to United States mines, with the result that even with cold weather miners in most Western Canada coal points are working on short time.

The present Communist policy is one of penetrating existing organizations. Members of the U.P.A. should be on their guard against infiltration of Russian ideas into their organization. These have been well held in check so far by the moderation of President H. W. Wood and the common sense of the great majority of the members, but there are some hot spirits, Carl Axelsson et al, who make no secret of their sympathy with Communism.

At the same time, a purely negative policy with regard to present day social problems is foolish. The question of unemployment, and other evils that cause poverty and deprivation must be faced in a far-sighted manner. There must be a remedy for these, and our best brains should be employed in finding it.

W. G. WAY'S RESIGNATION

Bow Valley rascals on Saturday expressed their regret at the resignation of Mr. W. G. Way, who, since the inception of the Municipality has been its secretary. Since his arrival in this part of Alberta Mr. Way has been one of the most vital factors in its progress, and the district will suffer by his departure.

SCHOOL MATTERS

During the past few weeks correspondence, etc., has directed attention to school matters. Calgary trustees passed a resolution recently that pupils who are too slow to progress to apply themselves to their work should not be allowed to continue attendance.

In Strathmore recently three boys were suspended for disobedience and refusal to undergo discipline, and the matter is likely to be taken up with the department in their parents.

Presently it was to be expected that the interest taken by pupils, teachers, and parents in the spelling competition and various other contests held in Strathmore Friday evening, when various schools in the district were represented. Contests of this kind are beneficial to the children in arousing a desire for further education in order to achieve success. One feature that pleased us was the number of addresses by the pupils, dealing with civic affairs. After all, the conditions in our own towns and centres are of more importance to them than points outside. Our mode of living and our relations with our immediate neighbours have more to do with our well-being than anything else. If the same educational schedule is being maintained all over Alberta there is not much fear for the future of the Province.

HAVE CONFIDENCE IN SCHOOL STAFF

Petition to Lately Signed
The following petition has been handed to us for publication:
The undersigned parents and others interested in the Strathmore School.

Wish to commend the conduct of the School by Principal Whitney and the teaching staff, and to commend the businesslike and economical management of the School Board.

The annual statements and report of the Principal as published in the Strathmore Standard of February 14th, 1925, give us confidence in the management and conduct of the school. We hope that good business management and the high standard of the instruction given can be continued, and further progress made. Good schools, together with a corresponding businesslike and economical management of the town itself, will cause the town to grow and become an educational center, with increasing progress and benefits to the Townpeople and the farmers of the surrounding countryside.

We realize that the foundation of a good school is proper discipline. With discipline established and maintained, scholarship and character building is to be expected and our schools will grow in reputation and achievement. We believe it is the duty of everybody in the district and particularly the duty of the parents and guardians who have children in the school to support the Board, Principal and Teachers in their efforts to maintain discipline and build up the School.

BERT HUFFMAN AND THE LIQUOR VENDOR

Bert Huffman is one of his humorous sketches in the "Albertan," deals thus with the Calgary liquor vendor, a former farmer in Strathmore district:

"Speaking of my friend the liquor vendor, reminds me that I am kept alive and in a state of keenest hope and expectation by the example of this man. Not many years ago when I first knew him on his farm at Strathmore, he was a plain dirt farmer driving into town with milk cans rattling, wearing a colored shirt for a full week and shaving only on Saturday nights. He was other dirt farmer. And now look at him! Nothing on earth to do but sit there all day long, reading the labels on the bottles, refreshing his nostrils with the inspiring perfume which comes from the parking cases and greeters his increasing horde of customers with a winning smile. He now shaves and changes his shirt every blessed day. Just the other day, a minister, a bootlegger or any other cleanly and well-to-do person.

The joyful contemplation of this dirt farmer has a respectable business man, working banker's hours and drawing a minister's salary while performing a labor of such noble character as the one thing that keeps me on the farm. Lightning might strike somewhere and I might be on the spot. The old proverb says it is an excellent luck to meet a new and play in the road. So while my friend does not admit it, I sincerely believe that he just a whole lot of ways in some unknown lane."

DOES ADVERTISING PAY?

Henry Ford has just signed an advertising appropriation which will expend within a year \$5,000,000. William Wrigley chewing gum manufacturer, spent over \$2,500,000 for advertising in 1923 in no advertising alone to get and the much larger amounts spent their money if they were not newspapers—the following striking results, and the very fact that for representative concerns last year their advertising expenditures were \$1,450,250; Colgate is larger than the preceding year \$1,384,432; Procter & Gamble's volume for the value of \$1,550 and Crompton Co. is \$1,500,000. The lesson is here for everyone who

Irricana U.F.A.

Is Active

The Irricana Locals of the U.F.A. and U.F.W.A. have just finished paying for a nice little hall and two lots on main street. The ladies made their share of the money by suppers and entertainments, while the men were fortunate enough to have a live secretary, who worked up a coal trade during the last two and a half years, and by obtaining two per cent for the local, made the most of the money for the U.F.A. local's share of the purchase money.

To the extent of the coal trade, the U.F.A. were unassured that coal during January, 1925, cost 250 tons, price \$10.00, to the people of this community. The local has sold the best double screened high carbon coal as low as \$4.00 per ton, and finer grades in proportion, saving the coalburners of the district \$2.00 to \$3.00 per ton.

Another very successful enterprise that I would like to bring to the attention of your readers is the Keema, Irricana, Selkirk Shipping Association, since the institution of the association in May, 1924, \$24,000.00 worth of live stock has been shipped, co-operatively by farmers of these communities. Three cars of cattle and five cars of hogs were shipped in the month of January, 1925, with net returns to the farmer members of \$10,440.00.

We have found, since shipping our own stock, that hogs that would be "cat" one cent, and placed in either the "dog" or "heavy" classes, very frequently go by as "thick-skinned" in the grading in the Calgary yards. The farmer shipper getting the benefit of all such. Then there are so many grades in cattle that a farmer has little chance when he must put his judgment against a buyer who is in constant practice and in continuous contact with the central market fluctuations.

High Altitude Apples

Appreciation of A. Johnson's Orchard by Archibald Mitchell, Western Lecturer, Canadian Forestry Association.

A Prairie Orchard at Thirty-two Hundred Feet Above Sea Level Made Possible By Shelter Belts.

What would you think of an apple orchard in bearing at an altitude of three thousand two hundred feet, one hundred and forty miles north of the boundary line, the Rocky Mountains not fifty miles away to the west and on land that was here open prairie fifteen years ago? Rather unbelievable, isn't it?—yet, that is exactly what is to be found on the farm of Mr. A. Johnson, near Strathmore, Alta.

Mr. Johnson settled in the big C.P.R. Irrigation Project near Strathmore in 1911, and at once set about establishing a home. He planted plenty of trees, selecting the proper varieties and by and by there rose up around him a very fine series of plantations enclosing some ten to fifteen acres of ground. He planted his apple trees in 1920, took some fruit off them in 1922, and last year reaped his first real crop of bushels and bushels of fine apples. Just four years planted and the trees were loaded.

The fact of Mr. Johnson's orchard is one thing, but its significance is another. Successful tree growth of any kind on the prairie is a matter of using species that will grow and mature between the last frost in the Spring and the first in the Fall. This is true also of grain crops and is a sine qua non of success. It is also well known that the higher up we go on a mountain the colder it gets and the farther north we are the shorter distance we have to climb to reach the cold. The prairie around Strathmore looks anything but like a mountain, but it must be remembered that three thousand two hundred feet is a pretty fair distance up in the air as compared with sea level. There are many mountains in the old country eastward of us, of a reasonable height, not very much higher than Mr. Johnson's orchard. For instance, Snowdon, the highest mountain in Wales is three thousand five hundred and seventy feet, only three hundred and seventy feet higher, and Scaevon, the highest in Scotland, is three thousand one hundred and sixty feet, only thirty nine feet lower, and nobody would ever dream to try and grow apples on top, or even near the top of either of these two mountains. Also, we have here something, the significance of which may easily escape our attention. Mr. Johnson is actually growing apples on the top of a mountain in other parts of the world are close to the same latitude; surely a fine tribute to the quality of the country and the climate and to the boldness, faith, and ability of the man who grew them. So, we have the obvious corollary; if it is possible to grow an orchard at Strathmore at an altitude of three thousand two hundred feet, it should surely be far easier to do so at lower altitudes on the prairie.

Mr. Johnson's varieties are, Blushed Calville, Yellow Transparent, Illerwald, Borovinka, all Russian varieties obtained from that rare pioneer in prairie fruit and other things, the late A. P. Stevenson, of Dunstan, Manitoba.

Obituary

The death took place on Friday evening, at her home near Strathmore, of Mrs. Anna Smith, aged 52 years. Deceased had been ill for about a week, the cause of death being heart trouble.

A large number of friends accompanied the remains to their last resting place at Strathmore Cemetery on Monday. Service was conducted by Rev. A. H. Rowe at the Union Church, prior to interment.

The late Mrs. Smith had resided for a number of years in the district, and was much respected, and sympathetically expressed for the family in their bereavement.

Hockey

Calgary Hustlers will be down to play Strathmore on Friday evening of this week. The Hustlers played here once before this winter, and gave the locals a good game. The local boys are putting up the best brand of hockey they have exhibited for several years, winning all their games but one, and the game will be well worth watching.

Owing to the east and west roads being impassable for motor cars, the boys have been unable to bring as many outside teams in as usual, and the expenses when a team does come in are greater. On Saturday, the receipts from the game were \$200, after paying the visitors' hotel and travelling expenses. So let's see a good crowd on Friday. You can make a night of it by taking in the G.W.A. dance afterwards.

Strathmore 4, Calgary Junior Tigers 1.

The Strathmore Hockey team notched another victory on Saturday, when they defeated by a four-one score Calgary Junior Tigers. The visitors were a fast young team, and the game was full of snap and pep all the way through.

The Groulx boys, Arthur and George on the forward line, were largely responsible for Strathmore's victory, scoring three out of the four scores registered. Bob Thomas was responsible for the fourth tally. Gene Groulx, in goal, was packing a bunch of horseshoes, and he stopped some hard ones. The work of the Groulx family will make them as famous some day as the Taber Clarks, if they keep it up.

McGoddick scored the Calgary goal. Teams were as follows:

Tigers—goal, Jones; defence, McKay and McDowell; forwards, Simpson, McGoddick, Shannon; subs, Johnston and Knages.

Strathmore—goal, Gene Groulx; defence, McFarland and Storey; forward, Arthur Groulx, George Groulx, Bob Thomas; subs, Gray and Bishop.

Referee—A. B. Poole.

Mrs. Anderson was a passenger to Calgary on Thursday's rain, returning on Friday.

Miss "Toots" Gerdling is renewing acquaintances, having arrived here on Wednesday to visit for a short time.

Mrs. T. Nelson and daughter, Marion, and Dorothy, returned on Wednesday after a trip to Chicago, and other U.S. points.

Mr. L. P. Schoelling returned to Strathmore on Thursday, after two months absence, during which he visited in Missouri.

Mr. M. Rasmussen paid a business visit to Hussar last week.

Mrs. W. McDowell and her friends are visiting relatives in Sunnyside, Alta.

A very entertaining evening was spent last Tuesday night by some one hundred and thirty-five ladies and gentlemen, when they were the guests at a whist party and dance in the S. and S. hall given by Mesdames Fletcher, Sorensen, Madson, and C. Anderson. Twenty-nine tables of progressive whist were arranged, and when the prizes were announced it was found that Mrs. Lawrie has succeeded in winning the ladies' first prize, which was a handsome camera; Mr. T. Hopkins was successful in winning a fine silver tray, the gentlemen's first prize.

Mr. Knowlton was consoling, when, on opening the booty prize, he discovered a miniature mouse organ. Ted is thinking of "singing" us with changes of his popular orchestra, Mrs. Christensen was the winner of the ladies' consolation prize. After a festive supper, Miss Lemmon, Mr. McDowell, Mr. Walker, and Mr. H. Fenske furnished the dance music, and the floor was filled to capacity for all dances. The hostesses are to be congratulated on giving such a pleasant and enjoyable evening to such a large number of friends.

Rev. Kjoller was a visitor to Calgary last week.

Everybody is coming to Strathmore these days for good time, good music, good eats, good crowd, good fun are all to be found in the new S. and S. hall.

The Standard Tennis Club was re-organized last Wednesday evening, and new officers elected for the coming year. The fees are very moderate this year, and it is to be hoped that a large number of Standardites will join the club and enjoy such a clean wholesome game throughout its summer months. These desires of joining should advise either Mr. Knowlton or Mr. Chandfield at their earliest opportunity, so that competition may be successfully arranged as soon as possible. The club decided that there should be a special fee for High School pupils, and the club will be glad to welcome any of the senior grade girls.

Mr. W. Alexander spent the week-end in Calgary.

Mr. H. H. Laverdson, and Mrs. Harry Laverdson returned home on Monday.

Some of the Standardites would like to see more "ladies choices" at the dances. Popularity in this case is the spice of life. "There was the King with the Queen on his arm, for she had fainted."

Mr. A. L. Little has arrived from Alderson to take a position on the Union tank staff.

Several changes are in progress of taking place in the local Union Bank. Mr. A. Frost, accountant, is assuming the management of the commercial branch of the Union, and will be relieved by Mr. J. B. McLeod, at present, chief of the branch. Mr. Gannon, of standard, is ledgerkeeper in place of Mr. Gus Dewar, who has left for Edmonton.

Hullo! Hullo! The birth of an eight pound baby girl is reported to Mr. and Mrs. A. McFarland on Wednesday last. The happy father is manager of Strathmore Telephone Exchange, while Mrs. McFarland was also formerly on the local exchange staff, so that the telephone's ring should have no terrors for the young lady.

Mr. A. W. Bellinger's wife and finally arrived here from Cochrane Sunday.

Miss Kathleen Carlson, who has been in bed for the past four months as a result of a fall from a horse, was taken to Rochester on Monday for an operation. Everyone trusts that the result will be her complete recovery. Dr. Meyer Miller will Strathmore on a business visit Monday and Tuesday.

School Column

It is proposed that a Field Day for two schools of the district be held on Empire Day, May 24th, either at Carleton Place or Strathmore.

A meeting of the Snow Valley Local A. T. A. will be held in Carleton Place on Friday evening, March 6th. Provincial School Fair prize lists will be sent out to the teachers of the school fair district this week. Any teacher not receiving one please apply to the secretary, Mr. Crowther, Strathmore.

The school fair committee has received a special prize of three dollars from the local U.F.W.A. The committee will be glad to receive similar donations from any organization or individual interested in the success of the School Fair.

A series of inter-grade hockey games has been played in the last two weeks. Grade XI played grades VII and VIII in the finals, and junior grades won 5-4. The winners then played an all-star high school team and defeated them 5-2.

An interesting incident of Friday evening's entertainment was the announcement by the chairman of the Strathmore School Board that prizes will be awarded by the Board for merit in school work. This is a concrete example of co-operation of which the Strathmore staff of teachers is duly appreciative.

We are glad to see Mrs. Weisbner and Leo around again, and able to enjoy some of our sport.

Mr. F. H. Amidon, returned home from Calgary on Saturday, after having attended the Trustees Convention.

Another of the Fairplay Fireside Club's social evenings was held at the home of Mr. and Mrs. R. L. McIntosh on Feb. 6th. Games music and singing were enjoyed until lunch time, after which tricks of various kinds were tried, much to the amusement of the crowd. The next one of these social evenings took place on Friday evening, Feb. 20th, at the home of Mr. and Mrs. Jas. Martin.

Mr. and Mrs. W. Taylor of Dalemead were visiting at Mr. and Mrs. M. Drake's on Sunday.

We are beginning to think Mr. Jas. Garlick must be afraid of the fair sex when he is content with bashing all winter.
